Caring for Creation – what's it about?

SESSION 1: The Environment

Focusing on God's wonderful creation, planet earth, the place of humankind in it, and why it is under threat.

SESSION 2: Global Warming and Climate Change

Some facts and figures about climate change, and why faith in a Creator God should give us hope.

SESSION 3: The Age of Humans – The Anthropocene Era

How we human beings with our god-like powers can still undo some of the terrible damage we have done and are doing to our planet.

SESSION 4: Coming out of Denial and Facing Crisis

Many of us find it hard to face up to the reality of climate change and make the necessary changes to our lifestyle. We need to understand why this is so, and how our faith can help us.

SESSION 5: Faith, Hope and Love

We urgently need to be clear about our Christian response to the present crisis: it challenges what we believe; it is also about how we can live in hope and meet the demands of Christian love.

Course Booklets *are recommended for this Lent Course.*

It has been produced as an ebook or as a printed booklet. They can be obtained from www.yorkcourses.co.uk

If you would prefer a printed copy, or don't have internet access, CTF will be ordering a supply. Please contact your church leader by **8th February**. The price is £3-80 or whatever you are able to afford if you are on a limited income. Those studying individually, may also find a printed transcript of the audio sessions helpful. These are £3-10. Let let your church leader know if you would like one too.
